

PowerSchool is the computer system used by Cincinnati Public Schools to keep track of student information. PowerSchool is used by principals, school office staff, teachers, counselors, central office staff, parents, and students. It helps parents be an active part of their children's education and keep track of academic progress on a daily basis.

The system is accessed through a web site, so you can view it from home, work, or the local library. The information about your child is private and password protected. You will not be able to see other students' records and other parents cannot see your children's records.

What you can see on PowerSchool:

The screenshot shows the PowerSchool interface for a user named John Coleman, 5th grade at Cheviot - Cincinnati Public Schools. A navigation bar contains icons for: Grades and Attendance, Grades History, Attendance History, Email Notification, School Bulletin, Balance, Graduation Progress, Demographic, Honor Roll, and Test Scores. Below this is a section titled 'Grades and Attendance' with a sub-section 'Attendance By Class' containing a table.
